

Battery Tender Plus micro-chip technology applies the correct peak charge, then automatically maintains the battery at the optimum float voltage to dramatically increase battery life by eliminating sulphation.

The advanced microprocessor controlled constant current/constant voltage charger employs 4 step fully automatic charging initialisation, bulk, absorption, and maintenance/float).

International Battery Tender chargers will correctly charge and maintain virtually any type of lead-acid battery including : traditional flooded AGM (Absorbed Glass Mat), sealed maintenance free and calcium batteries. Advanced safety features include reverse polarity protection, spark proof operation and a built in timer which will protect a marginal battery from over charging. The name "Deltran Battery Charger" is synonymous with advanced technology and total quality.

## ◀ WATERPROOF 800 ▶

### BATTERY TENDER® WATERPROOF 800 :

- 12V / 800 mA.
- Power requirements : 100 à 220V - 50/60 Hz.
- Fully WATERPROOF.
- Short circuit and reverse polarity protected.
- 2,0 m (6") long power cords (AC & DC).
- Supplied 2 connection cables : Fused quick disconnect ring terminals and alligator connection clips.
- Complies with all International safety standards UL/CSA/CE...
- 3 years Warranty.

## ◀ 4-BANK CHARGER ▶

### BATTERY TENDER® 4-BANK CHARGER :

- 4 x 12V / 1,25 A.
- Power requirements : 100 to 240VAC 50/60Hz, 2,0 Amps max.
- 4 independent fully automatic "Super Smart" technology outputs.
- Temperature compensated.
- Short circuit and reverse polarity protected.
- 2,0 (6") long power cords (AC & CD).
- Supplied with 4 sets of 2 connection cables : fused quick disconnection clips.
- Complies with all International safety standards UL/CSA/CE...
- 2 years Warranty.

## ◀ TENDER INTERNATIONAL ▶

### BATTERY TENDER® INTERNATIONAL :

- 12V / 1,25 A.
- Power requirements : 100 to 240VAC 50/60Hz.
- Short circuit and reverse polarity protected.
- Temperature compensated.
- 2,0 m (6") long power cords (AC&DC).
- Supplied with 2 connection cables : fused quick disconnect ring terminals and alligator connection clips.
- 2 years Warranty.
