## ◀ STEERING STEMS ▶

These IMS Roll Design steering stems have been used from day one by the world's best ATV pilots. They have an anti-vibration design, and are made from 17-4 cast stainless steel. The head and base is integrated with a 4130 shaft and certified tag welded joints means these are the strongest stems available on the market. Recommended to be used with the IMS Roll Design anti-vibration handlebar clamps (see page 105).

		Ref	Length
Honda	TRX 450R	RIMS 600	+25 mm
Polaris	Predator	RIMS 601	+25 mm
Bombardier	DS650	RIMS 602	+25 mm
Yamaha	YFZ450	RIMS 603	+25 mm
Suzuki	LTZ 400	RIMS 604	+25 mm
Kawasaki	KFX 400	RIMS 604	+25 mm
Kawasaki	KFX 700	RIMS 605	+25 mm

Shown with the anti-vibration handlebar clamps. (See page 105).
