

ACCESSORIES

◀ LANYARD KILL SWITCH ▶

The lanyard kill switch is for the safety of the pilot. A spiral cable can be attached to the pilot which cuts the engine if you bail off your quad. Universal model.

Reference RCE0225

◀ RACING KILL SWITCH ▶

The #1 ATV Kill Switch. Used by most top ATV Pro's around the world this switch kills the machine's engine in case of a crash. Supplied with lanyard. Specification exclusive to Pro Design.
